RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

Sir:

In the Office Action mailed December 4, 2001, the Examiner restricted the claimed invention into two groups: Group I, Claims 12, 13, 17 and 22; and Group II, Claims 12 and 23. The Examiner considered Claims 14-16, 18-21 and 24-28 to be generic to Groups I and II. In addition, the Examiner restricted the claims in each group into a set of species.

Applicant elects to proceed with the examination of the claims of Group I. Within Group I, Applicant elects claims specific for the species of "a molecule that is capable of affecting tumor neovascularization" if no generic claim is finally held to be allowable. The claims readable on the elected species are Claims 12, 13, 17, and 22.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
